

In-kind donations: Without the support of generous individuals OurGEMS would not be able to survive. This list is intended to give potential sponsors a glimpse into the type of items that we are always seeking. If you'd like to offer something that you don't see on the list, chances are we can put it to use!!! Never hesitate to ask if we would like an item or service that you are able to offer. Thank you for making our wishes come true!
